

2014 PROGRAM IN PROSTATE CANCER RESEARCH / SPORE Seminars
5:00-6:00 P.M.

Date	Speaker / Title
January 2, 2014 (Video-Conference from UBC)	Ralph Buttyan, PhD , Professor, Urologic Sciences, UBC Vancouver Prostate Centre "A Remarkable Developmental Plasticity in Prostate Cancer Cells Linked to Treatment Resistance"
January 9, 2014 (Video-Conference)	Samuel Denmeade, MD , Professor of Oncology, Professor of Pharmacology and Molecular Sciences, Professor of Urology, Johns Hopkins Univ. School of Medicine "Observations on the use of pharmacologic doses of testosterone to treat men with castrate resistant prostate cancer"
January 16, 2014 (Video-Conference)	2 talks on TMPRSS2:ERG Lisly Chéry, MD , UW Urology Resident "Aspirin Is Associated with A Reduced Risk of TMPRSS2:ERG Positive Prostate Cancer" Lieke Egbers, BSc , Intern, Graduate Student Radboud University "T2E and Obesity"
January 23, 2014 (Collaborative Video-Conference w/UBC & FHCRC)	Elahe Mostaghel, MD, PhD , Assoc Member, Clinical Research/FHCRC "A review of translational science assays from the various sites which might be potentially incorporated into clinical studies" Arun Azad, MD , Fellow in GU Medical Oncology, BC Cancer Agency "Genomic analysis of circulating cell-free DNA in plasma of patients with castration resistant prostate cancer"
February 6, 2014 (Video-Conference)	Colin Pritchard, MD, PhD , Assistant Professor, UWMC Assoc Director, Genetics/Solid Tumors Lab, UW Dept of Laboratory Medicine "Mismatch Repair Gene Mutations in Hypermutated Prostate Cancer"
February 13, 2014 (Video-Conference)	Gang Liu, MD, PhD , Senior Fellow, Plymate Lab, UW Medicine/Gerontology "Androgen receptor variant driven prostate cancer in a mouse model"
February 20, 2014	Mario Kratz, PhD , Associate Member, PHS, FHCRC "Low-grade chronic adipose tissue inflammation in obesity and diabetes: relevant for prostate cancer"
February 27, 2014 (Video-Conference)	Alvin Matsumoto, MD , Acting Head, Div of Gerontology and Geriatric Medicine; Professor UW Medicine "Important issues and state of knowledge in male hormone replacement therapy: whoa T for low T"
March 6, 2014 (Video-Conference from UBC)	Michael Cox, PhD , Associate Professor, Department of Urologic Sciences, UBC Senior Scientist, Vancouver Prostate Centre "Targeting Hedgehog Signaling in Prostate Cancer: Opportunities and Insights"
March 27, 2014 (Video-Conference)	Evan Yu, MD , Associate Professor, Med Oncology, UW/SCCA "A review of PET imaging for prostate cancer: past, present and future"
April 3, 2014	Min Fang, MD, PhD , Associate Professor, UW Medicine/Pathology "Understanding the genomic and epigenetic landscape of human prostate cancer"
April 10, 2014 (Video-Conference)	Stephen Plymate, MD Professor, UW Medicine, Division of Gerontology & Geriatric Medicine "AR-variant and AR-FL interactions - heterodimerization and chromatin binding"

2014 PROGRAM IN PROSTATE CANCER RESEARCH / SPORE Seminars
5:00-6:00 P.M.

April 17, 2014 (Video-Conference)	Elaine Ostrander, PhD , Chief & NIH Distinguished Investigator, Cancer Genetics Branch Head, Comparative Genetics Section, National Human Genome Research Institute (NHGRI) "Genomic approaches for the study of urogenital disease"
April 24, 2014 (Video-Conference from OHSU)	Joshi Alumkal, MD , Associate Professor of Medicine, OHSU/Knight Cancer Institute "Enzalutamide resistance mechanisms in prostate cancer"
May 8, 2014 (Video-Conference from UBC)	Artem Cherkasov, PhD , Associate Professor, Dept. of Urologic Sciences, UBC "Computer-aided discovery of anti-androgens with novel modes of action"
May 22, 2014	Jeannette Schenk, PhD , Post-doctoral Research Fellow, Cancer Prevention/PHS, FHCRC "Vitamin D concentrations and prostate cancer risk in the PCPT and SELECT cohorts"
June 5, 2014 (Video-Conference from OHSU)	George Thomas, MD , Assoc Professor, Department of Pathology, Knight Cancer Inst/OHSU Tanya Vu, PhD , Associate Professor of Biomedical Engineering/OHSU (co-Investigator) Overview of SPORE pilot project: "Circulating tumor cells as avatars to decipher mechanism of resistance to MDV-3100 in CRPC"
June 19, 2014	Ruth Etzioni, PhD , Member, Biostatistics & Biomathematics, PHS/FHCRC "Is PSA recurrence after prostatectomy overdetected?"
June 26, 2014 (Video-Conference from OHSU)	Tomasz Beer, MD , Deputy Director, Knight Cancer Institute at OHSU "PREVAIL result in context"
July 2, 2014 (Special Seminar, Visiting Professor)	Professor Wayne Tilley , Chair, Dame Roma Mitchell Cancer Research Lab The University of Adelaide / Hanson Institute "The dynamics of androgen receptor action in breast cancer"
July 21, 2014 (Special Seminar, EAB Keynote)	Charles Murry, MD, PhD , Professor, UW Pathology "Heart Regeneration: A Long and Winding Road"
September 4, 2014 (Video-Conference)	Introduction by Arturo Ramirez, PhD , Research Scientist, Biology Department at RareCyte, Seattle, WA: "The RareCyte platform for non-invasive diagnostics" Talk by Anthony Blau, MD , Professor of Medicine, Division of Hematology UW School of Medicine: "Deconstructing cancer"
September 11, 2014	Katya Rubinow, MD , Asst Professor of Medicine; Metabolism, Endocrinology & Nutrition, UW "Murine macrophages secrete sex steroids as paracrine effectors"
September 18, 2014 (Video-Conference from OHSU)	Darrion Mitchell, MD, PhD , Rad Onc Resident, University of Iowa, Carver College of Medicine "Epithelial-to-Mesenchymal transition as a therapeutic target in prostate cancer"
September 25, 2014 (Video-Conference from UBC)	Alexander Wyatt, PhD , Postdoctoral Research Fellow, UBC/Vancouver Prostate Centre "Translational genomics of lethal prostate cancer: insights from localized and advanced disease"
October 2, 2014	Andrew Hsieh, MD , Assistant Member, Human Biology, FHCRC "Translational control and prostate cancer pathogenesis"

2014 PROGRAM IN PROSTATE CANCER RESEARCH / SPORE Seminars**5:00-6:00 P.M.**

October 9, 2014 (Video-Conference from UBC/BCCA)	Marianne Sadar, PhD , Professor, Dept of Pathology and Laboratory Medicine, University of British Columbia "Targeting N-terminus domain of AR: a novel target in a proven pathway"
October 16, 2014 (Video-Conference)	John L. Gore, MD , Associate Professor, UW Urology "Patient-centered resources for prostate cancer care"
October 30, 2014 (Video-Conference from UBC)	Evan Yu, MD , Associate Professor, UW Medicine / Division of Oncology Heather Cheng, MD, PhD , Assistant Professor, UW Medicine / Division of Oncology "Clinical experience with insulin-like growth factor I (IGF-IR) inhibition in prostate cancer"
November 6, 2014 (Video-Conference)	Valera Vasioukhin, PhD , Member, Human Biology, FHCRC "The Hippo signal transduction pathway in prostate cancer initiation and recurrence"
November 13, 2014	Michael (Mick) Nyquist, PhD , Post-Doctoral Research Fellow, Nelson Lab, FHCRC "Application of targeting nucleases to modeling prostate cancer rearrangements"
November 20, 2014 (Video-Conference from OHSU)	Joshi Alumkal, MD , Associate Professor of Medicine, OHSU/Knight Cancer Institute "The effects of sulforaphane treatment in men with biochemical recurrence of prostate cancer"
